DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN FIELD SERVICE

Shawnee Indian Agency,
Shawnee, Oklahoma,
August 10, 1928.

Commissioner of Indian Affairs,
Washington, D. C.

Dear Sir:

In accordance with instructions contained in Circular No. 2438, dated April 20, 1928, subject "ANNUAL REPORT AND CENSUS, 1928", the annual report, including Narrative Section, Statistical Section and Census, separate for each tribe, has been prepared for this jurisdiction, and is submitted herewith as follows:

Narrative Section, original and duplicate.
Statistical Report, original and duplicate.
Census of each tribe, as follows:

Sac and Fox Indians,
Absentee Shawnee Indians,
Mexican Kickapoos "
Iowas "

See
The Pottawatomie tribe also comes under the jurisdiction of this agency and is the largest in number, however, so many of them have moved away from the reservation and are living in practically every state in the union and have severed their relations with this office almost entirely, that it is practically impossible to prepare an accurate census of this tribe of Indians, therefore, we have not attempted to make a census since the one submitted in 1922.

The delay in submitting this annual report is due to the difficulty in checking up for the statistical section, and furthermore, this work was first assigned to a clerk in this office who, during the preparation of the statistical report, was dismissed from the service, thus handicapping this part of the work.

Very respectfully,

A. W. Leech
A. W. LEECH.
SUPERINTENDENT.

DEPARTMENT OF THE INTERIORINDIAN FIELD SERVICE
Shawnee Indian Agency
Shawnee, Oklahoma
September 5, 1929Commissioner of Indian Affairs,
Washington, D.C.

Dear Sir:

This refers to your letter of August 27th, asking for an explanation for the difference in the number of Pottawatomies shown on the 1928 statistical report and the 1929 statistical report, to which I have to reply as follows. In 1928, we show 725 Pottawatomies, as estimated, this being the number that we estimated were living on the Pottawatomie reservation. The last Pottawatomie census submitted in 1922, contained 2,286 Pottawatomies, but as explained in previous correspondence, and in my letter of even date to your Office, we have no record of the whereabouts of the remaining 1561, for the reason that they have moved away to other sections of the country and have severed their relations with this Agency.

In corresponding with your Office, last spring, preparatory to compiling or making up, another census for the Pottawatomie tribe, for the fiscal year 1929, based on the last census submitted, that of 1922, we were advised that we could not drop Indians from the census roll, except by death or specific authority from your Office. Therefore, we proceeded to make the 1929 annual report agree with the census and the census of the Pottawatomie tribe which we are now completing, and which will be submitted in a few days, will contain 2,301 names.

Very respectfully,

A. W. LEECH, 30220
